Wiki Launch

This is the first news of this Wiki installation. If you want to know what is going on in the XWiki world, don't forget to read the [XWiki Blog](#) .

XWiki is a powerful Wiki allowing you to share information in your group. You can create wiki pages, publish blog articles, comment both wiki and blog pages, create an event calendar, a photo album or a presentation.

Now your XWiki is going to be what you make of it. It is fully customizable as all pages are made editable through your Internet Browser.
